

PRACTICE

Use the double-bar graph to answer these questions.

- 1 About how much corn was harvested in Kentucky in 1969?
- 2 Between which two years did Kentucky's corn harvest decrease?
- 3 How many bushels of soybeans were harvested in 1982?
- 4 Why do you think Kentucky's harvests of corn and soybeans have generally increased over the years?

APPLY

Make It Relevant Make a double-bar graph of your test scores in social studies and in another subject. Remember to use a different color for each subject.
